Quality Forensics Toxicology Outsourcing Part 54
Deviation from Documented Procedures Form

Date of Deviation: 08/06/2025 – 09/29/2025

Type of Deviation: Procedural. Quality Forensics Toxicology Outsourcing Part 54

Describe the Deviation: BCSO Crime Laboratory ceased performing analysis, with the exception of urine specimens, after the voluntary withdrawal of Toxicological services from our scope of accreditation effective March 2, 2022. Since accreditation withdrawal, the laboratory has still been accepting biological specimens. BCSO Crime Laboratory regained accreditation in blood alcohol analysis only in January 2024. We will continue to use an outside laboratory, Quality Forensic Toxicology Laboratory in San Antonio, Texas, for evidence needing blood drug analysis. Quality Forensic is willing to test our biological evidence, both unanalyzed and previously analyzed. Laboratory staff prepare the samples by filling out the Quality Forensic submission form, ensuring there is sufficient sample for analysis, and moving the evidence to the overflow refrigerator. Samples are prepared and shipped via FedEx. Submission forms are usually sent with the samples. Upon completion of analysis, a report is emailed to both the BCSO Crime Laboratory and a contact at the District Attorney's office. Any BCSO Crime Laboratory findings, in conjunction with the final report issued by the outside laboratory, will be available in each case file.

Reason for Deviation: The BCSO Crime Laboratory voluntarily suspended operations and withdrew our scope of accreditation pertaining to Toxicology, both blood alcohol and blood drug, while we develop new methods. We have since regained accreditation and are performing blood alcohol analysis. We are still currently accepting biological evidence but not performing blood drug analysis at this time. According to the *Texas Administrative Code Title 37 Part 15 Chapter 651 Subchapter A*, accreditation is required of analysis that involves use in a criminal proceeding. Evidence is typically submitted with an offense listed. The BCSO Crime Laboratory is still unable to produce reports viable for criminal proceedings pertaining to blood drug.

Laboratory Number(s) (if applicable):
The following cases were analyzed for blood alcohol by the BCSO Crime Laboratory and outsourced for blood drug analysis only:

BCCL-25-0313	BCCL-25-1103	BCCL-25-1163
BCCL-25-0592	BCCL-25-1123	BCCL-25-1172
BCCL-25-0666	BCCL-25-1125	BCCL-25-1182
BCCL-25-0977	BCCL-25-1139	BCCL-25-1191
BCCL-25-1023	BCCL-25-1140	BCCL-25-1192
BCCL-25-1084	BCCL-25-1141	BCCL-25-1207
BCCL-25-1085	BCCL-25-1145	BCCL-25-1227

Note: The Evidence Technician's signature is typically required for deviations in the handling of evidence. However, due to an approved extended leave, their signature will not
