Corrective Areas and Corrective Actions Taken

Upon aggregating the data of CY2019-CY2020 there were not any corrective areas that needed to be addressed. All forms created during the CY2015-CY2016 audit cycle are fully integrated into the department and being utilized to meet PREA standards. The departments staffing plan has been updated to display changes within the agency. BCJJD is continuously updating our PREA training curriculum for staff and residents to ensure a clear understanding of sexual safety in the department. There were upgrades in technology including the installation of a more advanced DVR Camera System enabling BCJJD to continue to provide sexual safety to all youth we serve. No corrective actions were needed towards any BCJJD physical plant areas during CY2019-CY2020. During the CY2019-2020, the PREA audit was conducted by a Department of Justice Certified Auditor and a report was issued with meeting all standards and achieving "exceeds standards" in eighteen of those standards which is very rare.

The following enhanced measures are implemented at the Agency Level:

- Commissioner's Court approved budgeting for modern and updated video cameras and Digital Video recording devices for the Brazoria County Juvenile Justice Department;
- Audio/visual cameras were provided to each shift leader for recording serious and PREA related incidents;
- Revised Detention/Residential Orientation Rules and Regulations;
- Updates to PREA Training for staff and residents;
- Enhanced yearly reports to reflect statistics from available years (2016, 2017, 2018 and 2019).

The BCJJD continues to implement best practices to meet and exceed the requirements of the PREA standards in order to address allegations of sexual abuse and sexual harassment for residents and staff. All BCJJD administrative members are committed to providing continual monitoring while implementing corrective actions in order to reach full PREA compliance. Above all, the BCJJD administrative members aspire to maximize the sexual safety for all residents in our custody. Overall, the BCJJD is progressively making strides in the right direction geared toward exceeding the intent of the PREA standards.
