

**Texas Narcotic Officers' Association
East Region**

**“High Risk Event Planning
For Narcotic Operations”**

April 4, 2022 through April 8, 2022
08:00 am – 16:00 pm

The East Region of the Texas Narcotic Officers' Association along with the Brazoria County Sheriff's Office is pleased to announce the upcoming MCTC sponsored 40-hour training course

“High Risk Event Planning for Narcotic Operations”

for law enforcement officers regardless of membership with TNOA. The course will be held at the Brazoria County Sheriff's Office. TCOLE hours will be available.

COURSE DESCRIPTION

Raids for high risk narcotic warrants are extremely dangerous situations, and we can never be totally prepared for every eventuality in the fluid and dangerous environments in which we operate. This class presents a system for planning and preparing for high risk situations, teaching precautions that can be taken to insure the highest possible degree of safety while insuring the highest likelihood of success in our planned events. This class also presents scenario-based training, and how to give a structured briefing of planned events. The goal of this class is to impart to the officers the knowledge, techniques and the confidence needed to operate more safely and successfully during high risk planned counter narcotic operations.

TOPICS

Equipment considerations ■ Briefing and presentation skills ■ Intelligence gathering for high risk operations ■ Risk analysis and threat assessment ■ Command post considerations ■ S.I.P.R.E.E.D.D. "a high risk event planning system" ■ Medical considerations for high risk operations ■ Scenario: teams assign, develop, and brief high risk event plans (a practical exercise)

Training materials and attendance is FREE.
