Dear Director Sanders,

Congratulations! On January 29, 2024, ANAB granted an extension of scope in the Field of Forensic Testing in the Toxicology discipline at the Angleton, Texas location. This decision was based upon the documentation provided in the assessment report and in accordance with the recommendation of the Team Leader. ANAB is satisfied that your organization has met or exceeded the accreditation requirements and requirements of your own documented management system for this extension of scope.

The report and an electronic version of updated accreditation documents are included with this letter.

The provided ANAB accreditation symbol ([Testing](#)) may be used to convey your accredited status. An accreditation symbol must not be used in any way which implies accreditation in any area outside of the scope of accreditation. If appropriate, the accreditation symbol may be used on your organization's website, reports, letterhead, business cards, and other official documents. Please refer to [PR 1018 Policy on Use of ANAB Accreditation Symbols and Claims of Accreditation Status](#) for all required information. This policy also provides information on your ability to use a combined mark that contains the ANAB accreditation symbol and the International Laboratory Accreditation Cooperation (ILAC) mark.

The next assessment activity will be a Surveillance Document Review in August 2024.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nita Bolz', is written over a light blue horizontal line.
